

Built on  
**UK Housing  
Data Standards**

The OSCRE **LEARNING LAB**  
will help you build a  
data-driven organisation

# Is your future data-driven?

Data is critical to the future of social housing.  
You know it. We know it. The sector knows it.

Creating a data-driven organisation takes time.  
It has to be built on a solid foundation.

Your people need to understand data standards, data governance  
and beyond data quality.

Your people need to understand how data works across your  
organisation now, and in the future.

You need to equip your people for a digital future.

The OSCRE **LEARNING LAB:** we do data

# The OSCRE **LEARNING LAB** will:

- Equip the team, align the team and develop the team
- Embed a deep understanding of the value of data standards and specific knowledge on the UK Housing Standard amongst your colleagues
- Enable you to use data to drive forward innovative projects across the customer life cycle as well as the asset life cycle

# Designed for you:

The virtual Learning Lab series consists of four modules delivered online across four half day sessions, as well as an orientation session.

The series is designed for two or more colleagues to attend together, collaborating during the learning process and ensuring that the requisite skills are embedded in your organisation.

Costs:

- £1,500+VAT for two participants
- £650 + VAT for each additional participant

Dates: 14 September, 21 September, 28 September, 12 October, 19 October

The OSCRE **LEARNING LAB:** we do data

# Delivered by OSCRE Faculty

We understand your organisation's need for improved data integrity and transparency.

The OSCRE LEARNING LAB has been developed to improve organisational skills and knowledge about data, data governance and data processes. With HACT, we have designed the content to help housing associations build data-driven organisations.

The OSCRE Learning Lab series will be delivered by OSCRE, the international experts in standards-based data governance.

The OSCRE **LEARNING LAB:** we do data

# Register your interest

To register your interest in the virtual Learning Lab series, or to find out more about the series, please contact Michael McLaughlin, Digital Lead, HACT
